

Set up your account

Open the email or SMS invitation sent by your Hair Professional and **click the link**. This will take you to the sign up screen.

Fill in your details and tap **Create Account**.

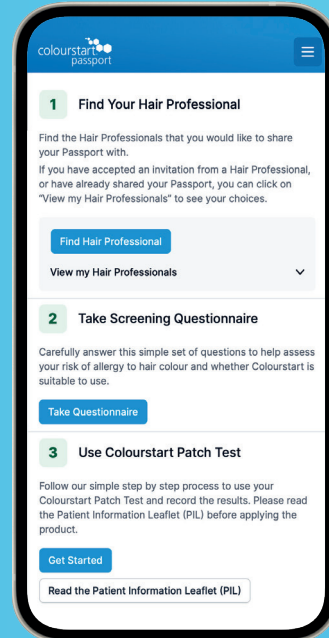

Start your Passport

Now follow the on-screen instructions to start your Colourstart Passport.

Complete the **Screening Questionnaire** at least **7 days before** your colour appointment (to give us time to send you a Patch if needed).

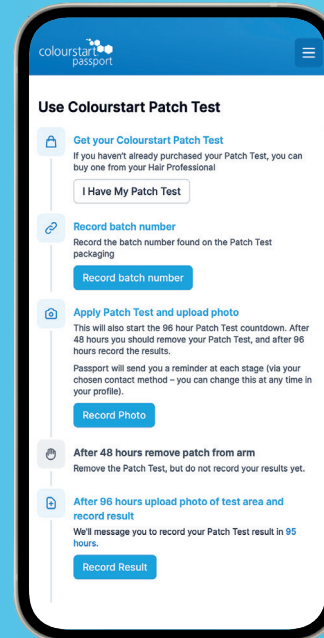

Use Colourstart Patch Test

Then follow these steps to use your Patch Test and record the results.

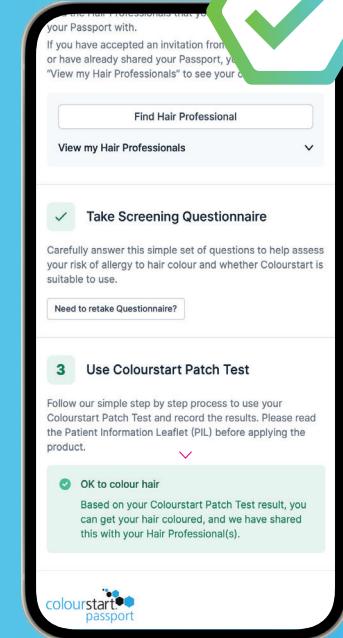

Start this at least **5 days before** your colour appointment (so you have time to apply the Patch, remove it, and record the results).

Passport complete

If you are all clear to colour after testing, your Passport will be green 'Ok to colour hair'. This will be automatically shared with your selected Hair Professional(s) ready for your colour appointment.

Quick Start Guide

No Hair Professional Invitation?

Scan the QR code below or go to:
app.colourstart.com/customers/sign_up

Colourstart Test 65mcg Cutaneous patch. Contains p-phenylenediamine (PPD).
